

Call for TESOL France Executive Committee!

Anyone who is a member can be part of the TESOL France Executive Committee. If you are interested, you just need two other members to nominate you by sending a quick e-mail to: tesolfrance@gmail.com

Nominations are open until 6 December 2021.

Elections for the Executive Committee from 9 December 2021 until 30 December 2021

Becoming part of the TESOL France Executive Committee is a great opportunity to gain experience in an internationally recognized non-profit organization. You will have the opportunity to grow in your own professional development as well as connect with other ELT professionals and associations in projects around the globe.

Develop and hone skills that you may not use in your teaching: publishing, accounting, data management, website management, publicity, editing, organizing workshops, networking, and leadership.

After one year of service, you are encouraged to go, on behalf of TESOL France, to other conferences organized by our Partners: TESOL Spain, IATEFL Poland, TESOL International and IATEFL. These are perfect occasions for developing your presentation and networking skills, and to also gain new friends abroad who share the same passion for ELT.

What is expected of me if I become part of the TESOL France Executive Committee?

- **To participate in our monthly meetings and our annual planning meeting.** As part of the Executive Committee you will be able to suggest your ideas, voice your opinion, and vote on decisions that have a direct impact on the development of the association.
- **To help out with all the different responsibilities of the association.** If you become part of the Executive Committee, you will team up with one of our current Ex Comm members and be trained on how to manage the area(s) that you would like to be involved in. To give you an idea, you can take part in one or more of the following areas of TESOL France if you become part of the Executive Committee:

Event organization: We regularly put on events and for each of these we work as a team. Here are the different events that you can help us with: Annual Colloquium, Spring Day, Webinars, Regional workshops.

Social Media and Publicity:

- Develop and improve our online visibility.
- Promote our events as well as events from other ELT organizations taking place all over the world!
- Help us prospect for new members! There are a lot of people who don't know about us and we need some help to spread the word to other public and private schools, training companies, and even students who want to be future ELT professionals.

Website Management

- Updating and modernizing our TESOL France website: www.tesol-france.org

Teaching Times Magazine

- Editing, proofreading, page layout and magazine design
- Sourcing Articles
- Writing your own articles

Membership: Help with all the inquiries and requests we receive. Don't worry, you'll be trained to become an expert on everything related to membership.

Sponsors, Publishers, and Advertising: Stay in touch with all those who support and advertise with us. Many of these are well-known ELT publishers that you may be familiar with because you own some of their books.

E-mail Newsletter: We regularly send an e-mail newsletter to our members with all of our news, job ads, and information about other ELT organizations across the globe.
